

BC003 · APIs & Automation

Python Bootcamp · 100 Days — Days 33–48. APIs, HTML/CSS, scraping, Selenium.

For parents: these are the key English coding words your child meets in this course, week by week. You don't need to code — just read a word together and ask your child to explain it back in their own words. The tiny example shows what it looks like in real code.

W1

WORD	WHAT IT MEANS	TINY EXAMPLE
API	a way for programs to talk to a service	<pre>weather API</pre>
requests	Python library to fetch data from the web	<pre>import requests</pre>
